Short title Bellary water supply scheme-Local purchase application for Engines and pumps etc.

READ—the following :—

From the Superintending Engineer, Madras Circle, No.2030-W, dated 9th November 1925:-

I have the honour to forward herewith an application for the local purchase of the engines and pumps etc. required for the Bellary Water Supply Scheme. Tenders for the supply were called for in pursuance of Orders in G.O.No.1186-W, dated 18-10-1924. The aggregate cost of the articles mentioned in the local purchase application is Rs.34,594 which is the lowest tendered amount,Messrs. Crossly Bros.Ltd., being the tendering firm. Their tender has been accepted and the firm has deposited a sum of Rs.2500 as earnest money. I request therefore that you will be good enough to obtain the early sanction of Government to the local purchase of articles under rule 5 of appendix iv to Civil Account Code Vol.I. These articles are at present available in India for immediate use.

Submitted to Government for favour of sanction to the local purchase.

Office of the Chief Engineer, P.W.D.

The engines and pumps were proposed to be purchased locally, because they are required urgently for use on the Bellary Water Works and serious inconvenience to the public service would be caused by waiting to obtain them from England through the Director General of Stores. The local purchase was therefore proposed to be made under Rule 5 of the Stores Rules (Urgency Rule) and the only condition required to be fulfilled by this Rule is that the articles proposed to be purchased locally should be already in India at the time of the order The question as to whether they can be obtained at cheaper rates from the Director General of Stores, London, does

not arise, when local purchases are made under this rule.
